	Residential		
SURVEY RESPONSE #	Property Owner?	Road Levy	Comments
			If needed to improve safety and better access. My road comments stem from an incident when I could not get my elderly mother to a
1	Υ	Υ	necessary medical appointment.
3	Υ	Υ	Roads are rough. Small increase on tax please.
4	Y	N	Taxes are high enough already and I rarely see anyone working on improvements with the roads.
5	Υ		It would depend on the specifics. Not against it but need to know the actual project that is being worked on.
6	Υ	Υ	Town roads need it.
8	N	N	Not at this time. We expect property taxes will be increasing.
9	Υ	Υ	Not opposed to investing in our community.
12	Υ		Maintaining town roads, plowing, sanding, salting in the winter. Stop spending on so much cutting the easement during the summer.
13	Υ		Town is having tough time maintaining what it has, no more buildings, public safety is fine.
14	Υ	N	We are good.
16	Υ	N	Since lumber company land was sold as private lots there should be additional tax revenue for road work/maintenance.
17	Υ		Open for discussion
18	Υ	Υ	Depending on how much we are talking.
20	N	N	Looks very organized.
21		N	No
22	Υ	N	Not at this time.
24	Υ	Υ	For road maintenance
26	Υ	N	Tax levy would not pave one mile of roadway.
27	Υ	N	Is there a need? What is the amount? Very open ended question.
28	N		Maybe depends on what projects are to be done
32	Υ	N	No!!!
33	N	Υ	I wouldn't have problems with necessary levies for improvements that are needed.
34	Υ	Υ	As long as it is not a huge increase - mostly for road maintenance.
35	Υ	Υ	Fix town roads
36	N		Would need to know exactly where tax \$\$ are being used for.
			If spent wisely. I am willing to pay more taxes if needed to keep the township safe and up to date, but not to make changes in our way of
37	Y	Y	living here. 5 acres per home is perfect and needs to be enforced.
39	N		Depends
40	Y		Roads maybe.
41	Υ	N	Our taxes were raised already last year, see what is done with that.
44	Υ	N	Already paying taxes for the service.
49	Y	Υ	For road repaving, not to exceed .05% for a three year trial period to show what could be accomplished in that timeframe.
50	Υ		As long as it's used for roads, building maintenance. Not sure what is included in "Public Safety".
53	Y		With the huge tax base in Oneida County I don't feel the tax increases are necessary.
54			No No
55	Υ	Y	The funds must clearly be explained what they'll be used for.
56		Υ	Yes, for blacktopping roads only.

58	Υ	Υ	We do need paving done on some of the roads.
59	Υ	Y	Only to improve public roads, parks, and citizens know where and how the money is being used.
60	Υ	Υ	Additional funds are required to address these concerns.
61	N	Υ	Only the minimum necessary
62	Υ	Υ	But should be discussed before implementation and be very specific for use / length of time involved.
63	N	Υ	If it's for town roads or safety, town buildings should be a referendum.
64	Υ	Υ	Some of the roads are in very poor shape.
66	Υ	Υ	If the extra fixes roads
67	Υ	N	Taxes too high
68	Υ	Υ	Yes, only if used for roads
69		Υ	For very specific project, not an open ended pool of money.
73	Υ	N	We pay enough already.
74	Υ	Υ	I would need to see a very detail plan as to how money would be usedbefore saying yes.
75	N	N	I feel these services are currently met well and a good value for our tax dollar.
76	N	N	I don't think this is necessary at this time.
77	Υ	Υ	These things cost money. We need to be up to date and functional.
			To improve town roads because roads have been neglected for many years. We have enough town buildings and large enough fire
78	Υ	Υ	department.
79	Υ	Y	Reasonable levy should be used for road maintenance and upkeep of buildings.
84	N	Y	Please advise and communicate throughout well in advance of such an increase.
85		Y	Blacktopping only
86		Y	For blacktopping roads
89	Υ	N	Go to the state grants, etc.
90		Y	Provided the funds would be used for road improvement only.
			I'm fine with public safety and currently I feel I pay more in tax than the benefits I receive in return. This in no way reflects on the board. I
93	N	N	have been pleased with the way the board operates and considers opinions.
95	Y	Y	If moderate
96		Y	Yes for repaving town roads, but only used to rebuild existing blacktop roadways!
98	N	Y	Prairie Lake Road, if it was paved or resurfaced like the north end of Lee Road, it would be used more by local residents.
99	N	N	Seek other public funds and sources first.
101	N	N	Taxes are sufficient where they are.
102	N	N	No, no, no
103	Υ	Y	For roads only.
104	Υ	Y	Only if it's to catch up and money is spent for specific reason and with conditions listed above
105	Υ	Y	We need better roads
107	Υ	Y	Need improvements
108	Υ	Y	With clear communication and resident input on specifics.
110	N	Y	Any/all improvements are welcome as it only increases the value to residents and visitors.
			As long as we know and understand what they are , the board listens and takes into account the town people input , and the board follows
113		Υ	laws and rules - voting on them.
114	N	Y	Maybe - within reason

117 N Y tourism activities, I would support it.  118 N I am sutsitied with the current condition of roads, buildings, and services.  120 Y Y Se, we need took at the future of our great town and help maintain it!  121 Y Yes, we need took at the future of our great town and help maintain it!  122 N N N YO vare doing internity and you will run the elderby out that are on fixed incomes.  125 Y N I level we are doing a good job with these right now. Thank you  126 Y N N We live in an older community and you will run the elderby out that are on fixed incomes.  127 N N We live in an older community and you will run the elderby out that are on fixed incomes.  128 N N Y N N Believe mads should be done with current taxes and statefederal grants.  139 N N Y Up to 10% or 15% of existing taxes.  140 Y N We think they do a good (job) of keeping these things up as is.  140 We don't need to get bigger. Nokomis needs to grow as a recreational venue to help our bars and sport shop also restaurants and hotels.  141 Y N Bring in outside money that turn into jobs.  143 Y N I elet these are fine.  144 Y N N Smill tax OK  146 Y N The Town of Nokomis has enough tax revenue to address any additional concerns.  147 Y N I would like the school tax key to end so I could invest in my town. Not interested in both extra tax levies!  149 Y N I would like the school tax key to end so I could invest in my town. Not interested in both extra tax levies!  150 Y Y Y To repairing town roads.  151 Y Y Y To repairing town roads.  152 Y Y N Better management and future planning.  153 Y Y Y To repairing town roads.  154 Y Y To repairing town roads.  155 N N N Roads and rown facilities appear in very good shape for a small rural township. May reconsider if significant growth occurs.  158 N N N Roads and fown facilities appear in very good shape for a small rural township. May reconsider if significant growth occurs.  158 N N N Roads and fown facilities appear in very good shape for a small rural township. May reconsider if significant growth occurs.  159		1		I would support infrastructure development that improves daily safety and commerce. If it has the additional angle of supporting a variety of

	168	Υ	N	NO, taxes too high for what we receive in addition to Nokomis mandatory lake fee.
169 Y N deficits and leave the residents alone				Taxes are high enough, paying more isn't a feasible option for everyone. Tax the non-residents with their lake homes more to make up for
	169	Υ	N	deficits and leave the residents alone

		1	No, find way to cut in other areas and use that money. We can't ask boss for a raise every time we want something we find a way to make it
170	N	N	work within the budget
171	N	I IN	Unsure, we do not live in area.
172	N	Y	As long as it is modest, gradual, and justified.
173	Y	Y	It would need to be explained what it is being used for and put to a referendum
174	N	Y	Depends on what it's for and where
1/4	IN	1	If our buildings and equipment need improvement that would come out in meetings that all of Nokomis is responsible for but don't we pay
176		Y	registration fees for road maintenance?
177	Y	Y	But, depends on amount and length of levy
177	N	N	A big reason I bought in Nokomis was the low taxes for the level of service provided.
	Y	+	
179		N N	Pay enough already
181	Y	N N	I would answer "Yes" if I felt the board was in control - and I do not .
183	N	Y	Improving many town roads by repaving.
185	N	Y	If needed
186	Y	Y	Provided all vote on need and amount by individual project
187	N	Y	If responsibly allocated, tax money can definitely improve the quality of life for the entire community.
188	Y	N	The Town of Nokomis charges all residents enough to cover any type of improvements.
189	Υ	N	With all the new construction (multi million dollar) in Nokomis, our taxes should not need to be increased to take care of these issues.
191	Υ		?
192	N	N	no
195	Υ	Υ	Improved town roads. Nokomis Town Hall should have a security system. Town employees often alone, working at night.
197	N	Υ	As a professional engineer I know that proper maintenance is much cheaper than replacing or rebuilding structures or road long-term!
201	N	Y	I pay through the nose for the only legit Internet provider and it is terrible.
204	Υ	Υ	Repairs and updates are needed you have a lot of room
205	Υ	Υ	Repaving town roads
206	N	Υ	I would vote yes if it's not an outrageous amount.
208	Υ	Υ	Maintenance is less expensive than replacement
209	Υ	N	All of this has been talked about for many years (don't start now unless we let business, campgrounds, or other things) then maybe
210	Y	N	Don't we already pay for roads in gas tax an other taxes? Town buildings are OK.
211	Y	l N	Gov. is bad at spending money properly.
213	Y	N	With all the increase income coming from MFL lands being sold can pay to improve roads.
214	N N	N	State and counties get way to much of my money now. Going broke paying for crap we don't need.
215	Y	l N	Had all in the 1940s-50s lot less houses - TXS
216	Y	N	Property taxes just had a bump. Maybe in the future.
210	<del>  '</del>	111	Many of the roads in the area are in dire need of repair/replacement. I believe we as a community should address those by sharing the
217	Y	Y	financial burden through tax levy.
217	Y	Y	
218	<u> </u>	Y	As federal and state funds may get to be less in the future; maybe we may need to.

219	N	N	I have been happy with the condition of the road, buildings and safety
220	N	Y	Retired
221	N	N	Roads: not to fix all at once but create a program to be rebuilding, resurfacing, maintaining every year forever based on use and need
			We feel that this is a safe town who already keeps the roads in good condition and the small town feel of the stores is what was a deciding
224		N	factor to purchase our home here.
			Taxes are high already! Mine have doubled within the last 10 years. Crazy . * All of the current land that split up and sold your tax base
226	Υ	N	should be fine. We're not stupid .
227	Υ	Y	Anything to help fix the roads
229	N	Y	Only if taxes are not raised too much
230	N	Y	As long as it is not raised too much
231	Υ	l N	I feel there are so many extra taxes we pay at a state level that the state shall provide that. We could do fundraisers etc to pay towards extra.
234	Υ	Y	In addition to county/state funds and/or grants
235	Υ	N	Don't you adjust every year for these things
236	Υ	Υ	Expanding public safety - No Roads and Buildings - Yes Category much too broad! Could mean anything!
238	Υ	Y	Repaving roads and the rest I'm not aware of anything else
239	Υ	N	Taxes have gone up enough. Was told reassment taxes would not go up.
242	Υ	N	The road was suppose to pave Nancy Dr. years ago. It was in the budget.
246	N	Y	A small tax increase would be acceptable.
248	N	N	I don't support higher taxes.
250	N	Y	If would help support better roads and safety!
252	Υ	N	Taxes high enough already.
255	Υ	Y	If it's only designated for road blacktopping
256	Υ	Y	If it was directly put towards blacktopping of roads only.
257	N	N	Don't think it is necessary at this time.
258	Υ	Y	Blacktopping only
259	Υ	Y	Only for blacktopping of roads
262	Υ	Y	Safety
263	Υ	N	I would like to see efficiency with high taxes already in effect. Just once I'd like to see crews working, not 6 on break.
			Yes, but limited and with a sunset provision. I would rather these selections be spearated and levied individually for a more focused budget.
265	N	Υ	Expanding public safety - what is this?
266	N	Υ	Roads
269	Υ		Unsure, totally project dependent not a blanket moratorium.
271	Υ	N	Nobody wants higher taxes but something has to be done.
272	Υ	Υ	Would have to fall under a state tax. Would not be fair on property tax.
276	Υ		Depends - if it were specific to Hwy L yes, but I thought funding is already in place for county plows.
279	N	Υ	I think it is important for towns to maintain and improve.
280	N	Υ	As needed.
282	Υ	N	Has anyone applied for the infrastructure program that the feds offer? Repaving town roads are needed badly.
284	Υ	N	Taxes are too high now. More and more people building huge houses. Taxes should go down, not up.

286	Υ	N	We pay enough.
287	Υ	N	I think we should apply for any grants or state funds before raising taxes when people are already struggling.
288		N	If the township can apply for grants and state loans. I'd prefer that be the first choice over raising taxes.
290	N	Υ	As long as it is not a tremendous increase.
291	Υ	N	No
292	Υ	Υ	This state has 4.8 billion surplus. Apply for a grant. We should not raise taxes for local roads. Apply for a grant.
294	Υ	N	No
295		N	Taxes are high enough already.
_			Have seen first hand - town employees riding around - two men in a truck doing <u>nothing</u> or visiting with their friends at residences for too
303	Υ	N	long. I <u>work</u> to earn my income.
