	Residential		Broadband Access
SURVEY RESPONSE #	Property Owner?	Q5	Comments
2	N		I am on Spectrum so not familiar with Broadband.
4	Υ	4	Don't feel there's many choices for good Internet besides Starlink
5	Υ	5	Used to be extremely limited but there are more options now
12	Υ	1	No access here, we use Starlink
13	Υ	10	Again, rural area, lucky to have the services we do.
16	Υ	7	Access available if one can afford it.
18	Υ	6	Could be improved
27	Υ	1	Frontier was my only option and was terrible. Now switched to Starlink - is better.
28	N		Need more information
36	N	8	Spectrum is pretty good.
37	Υ	2	No choice, terrible service
38	Υ		Have access to Spectrum. Options for reliable, affordable service would be appreciated.
39	N		N/A
41	Υ	1	None where I live, had to put Starlink in.
44	Υ	1	No internet on Norway Lane - no underground electricity - phone calls dropped. Can't get on internet due to Minocqua overload.
53	Υ		N/A, no computer
55	Υ	5	We have Starlink, but tried more local options prior. We couldn't get anyone to get back to us.
57			What does the town have to do with this?
59	Υ	6	The only decent service is Charter.
60	Υ	5	High speed Internet access is no longer option but should be considered a utility for all residents and businesses.
61	N	5	??
62	Υ		What does this have to do with land use? And isn't this being addressed by state and county
65	N		N/A, we do not have internet service at our home
77	Υ	5	We had to go with Starlink in order to get decent coverage. Very expensive.
82	N		Unknown
84	N		Not familiar by us on Lee Road, haven't tried.
93	N	5	I use a hot spot because other options are not economical. Service is spotty.
94	Υ	9	I'm satisfied with Frontier
98	N	5	Don't have any use for that
99	N	9	We use Spectrum
102	N	1	Don't have a computer
105	Υ	4	We still have a landline because cell coverage is not consistent
108	Υ	6	We have cable Internet access, but are uncertain the percentage of Nokomis residents with the same access and opportunity.
110	N	7	Limited 5G coverage

1144 N A A Nead more options so Spectrum can't rip everyone off. 1151 1 Not good with US Cell 1152 Y 5 We have Frontier, but when there are tourists access is very bad. 1163 N 3 Hard to get targer carriers to participate 1176 N 3 Hard to get targer carriers to participate 1176 N 4 Not available offect to my house so use Starlink 1177 N 5 We have Charter.net 1178 N 5 We have Charter.net 1178 N 1 Inhave none available direct to my house so use Starlink 1179 N 1 Inhave none available direct to my house so use Starlink 1170 N 1 Inhave none available direct to my house so use Starlink 1170 N 1 Inhave none available direct to my house so use Starlink 1170 N 1 Inhave none available direct to my house so use Starlink 1170 N 1 Inhave none available direct to my house so use Starlink 1170 N 1 Inhave none available direct to my house so use Starlink 1170 N 1 Inhave none available direct to my house so use Starlink 1170 N 1 Inhave none available direct to my house so use Starlink 1170 N 1 Inhave none available direct to my house so use Starlink 1170 N 1 Inhave none available direct to my house so use Starlink 1170 N 2 Inhave no Idea - we are hoping the rural roads will have it installed where we are located. 1170 N N 2 Inhave no Idea - we are hoping the rural roads will have it installed where we are located. 1171 N Inhave no Idea - we are hoping the rural roads will have it installed where we are located. 1171 N Inhave no Idea - we are hoping the rural roads will have it installed where we are located. 1171 N Inhave no Idea - we are hoping the rural roads will have it installed where we are located. 1171 N Inhave no Idea - we are hoping the rural roads will have it installed where we are located. 1171 N Inhave no Idea - we are hoping the rural roads will have it installed where we are located. 1171 N Inhave no Idea - we are hoping the rural roads will have it installed where we are located. 1172 N Inhave no Idea - we are hoping the rural roads will have it installed where we are located. 1173 N Inhave no Idea - we are hop	113		1	Unable to get broadband on Rocky Road. Have been trying for 10 plus years.
121	114	N		
121	115	N	4	Need more options so Spectrum can't rip everyone off.
125 Y 5 We have Frontier, but when there are tourists access is very bad.  129 Y 9 0 K where It live 136 N 3 Hard to get targer carriers to participate 136 N N N/A 140 Y 5 We have Charter.net 143 Y 1 I have none available direct to my house so use Starlink 146 Y 1 Not available 153 Y 10 Ours is fine, no problem 154 Y 3 Id non thave a computer but I hear others not happy w/access 156 N 5 My location only has Spectrum 157 N We have no idea - we are hoping the rural roads will have it installed where we are tocated.  No Rating: seasonal property, internet access not needed for amount of time spent at property. (Don't mind being "off the grid" when at property. World be an issue if we spent more time at property.) 158 N Wheat no idea - we are hoping the rural roads will have it installed where we are tocated.  No Rating: seasonal property, internet access not needed for amount of time spent at property. (Don't mind being "off the grid" when at property. World be an issue if we spent more time at property.) 159 N 1 Only through towers/Verizon 161 N/A 165 Y 6 Needs to be updated. 168 Y 1 Not a big choice. Choices are slim. 170 N 3 To ormany outgages, days at a time 171 N Unknown 172 N 8 Spectrum ok 174 N 1 Should be a focus to continue to expand 177 Y N NC 179 Y 1 Give and take when it does work - horrible, Spectrum not available?? 182 N Inave not used 183 N 1 Inave T-Mobile for my cellphone. I cannot even get phone reception at my cabin or internet. 185 N 7 Accessibility is good but service providers lacking. 186 N 7 Accessibility is good but service providers lacking. 187 N N NA 188 N N 1 Gisspectrum access great, but expensive. Very disappointed in what's saviabable.  We have it but many don't - it's a significant issue for students, work-at-home people. We've been trying to get internet. A to of them don't work. We're mainly there on weekends. Skylink is way to expensive. Very disappointed in what's saviabable.	121		1

185 N 7 Accessibility is good but service providers lacking.  187 N N/A  190 Y 10 Spectrum cable  195 Y We have it but many don't - it's a significant issue for students, work-at-home people.  We've been trying to get internet. A lot of them don't work. We're mainly there on weekends. Skylink is way to expensive. Very disappointed in what's available.  More access to high speed Internet is a major barrier to development. Especially small and medium business and residents working from home.  200 N 10 Spectrum access great, but expensive			1

More access to high speed Internet is a major barrier to development. Especially small and medium business and residents  197 N 1 working from home.  200 N 10 Spectrum access great, but expensive	196	N	1	
197 N 1 working from home. 200 N 10 Spectrum access great, but expensive			†	
200 N 10 Spectrum access great, but expensive	197	N	1	
	201	N	1	I pay through the nose for the only legit Internet provider and it is terrible

202	N		N/A
204	Υ	2	We have Spectrum and it sucks
209	Υ	1	Who's land will you take to get that established?
210	Υ	5	Spotty
211	Υ	2	Stuck with Frontier
214	N	1	Non-existant and what's available is to expensive
216	Υ	5	I have always had Spectrum, but hearing from other people around, there is nothing else around
220	N	3	Don't have internet
221	N		More options for our area would be good
223		4	Too much \$
224		8	We have Spectrum - it goes out pretty often
226	Υ		I haven't looked into this yet
			We (Rural America) will never be a priority for broadband, there's no money in it for the businesses. We still have 50 year old
227	Υ	1	telephone lines.
230	N		N/A, do not use
231	Υ	5	Pretty limited
252	Υ		Not sure
256	Υ	3	If you don't have Wifi there is no service
257	N	3	Would like to see high speed Internet in more town roads, not next to the lake
259	Υ	3	Poor reception
263	Υ	1	FRONTIER ONLY - NOT GOOD
264	N	2	Not enough good options. Current slow options are expensive for what speeds they are.
265	N	5	No personal need f/ more speed
267		1	None on Lee Road. HughesNet costs over \$125 a month and doesn't work very good.
268	Υ	4	Only offered in some areas - Spectrum. Need more options.
269	Υ	10	Spectrum work great here.
271	Υ	10	Be nice
274	N		NA
280	N	4	Need to keep up
284	Υ	1	Don't have it - Why?
288			No comment other than what does this have to do with land use
290	N	2	Need more cable and Internet COs
294	Υ	1	Lousy
296	Υ	10	No opinion. Don't have Internet here.
302	Υ	1	Non-existent
